LOVEOLLI

Lovely Gifts from County Down, Ireland

LoveOlli was established in 2012 by designer Olive (Olli) McCaughan. We create inspiring and unique gifts using a select group of trusted British and Irish suppliers.

Harnessing her love of found objects and pretty patterns, Olive has created a range of candles, home fragrance and bath and body products inspired by all the things she loves.

A battered leather suitcase full of faded postcards, letters, antique prints and precious scraps of vintage fabric has become the inspiration behind the LoveOlli collection which we are delighted to present to you.

Our candles are made from 100% natural soy wax with a high perfume content to give the best possible scent throw.

Our soaps and body products are free from Parabens and SLSs and never ever tested on animals. They will look as delightful on your bathroom shelf as they smell when you use them!

It's all the little details, like the hand tied ribbons on our soap bars and the dainty nail file included with our hand cream, which we think make us pretty unique and our aim is always to surprise and delight both the giver and recipient of a LoveOlli gift.

Signature Scented Candles
