Snowflakes

Our Snowflakes Collection is a pared-back and elegant style design, inspired by the 'Brisk Air' trend with minimal styling to create a sophisticated look.

'Brisk Air' is inspired by the cool climate of winter, where staying at home with friends and family is the only way to stay warm.

Featuring minimalist snowflakes, this delivers an elegant and contemporary seasonal style. The crisp 100% Irish Linens and natural cottons combine with metallic print to create a simple, classic style with a twist.

Gnomes

Our Gnomes Collection takes its inspiration from Traditional Gnomes, or Tomte, originating in Sweden and Norway. The story goes that they worked around the family farm and looked after the Children and Animals.

The design seen within the Gnomes' outfits was inspired by retro fairisle jumper patterns, adding the illusion of texture, and a sense of cosiness to the design.

The reduced colour palette creates a simple, timeless look, while our brand new silver metallic ink adds a sense of elegance, sparkle and a touch of glamour.
